Spicy, Card Game (EN), for 2-6 Player, from 10 Years

Spicy is a bluff card game for 2-6 players. The cards are played face down so that you can flicker when you announce your card.

But this clever card game is not just about bluffing convincingly. Because a card that is at least half correct can almost always be played from the card hand if it is played skilfully. It is important to think tactically which card you can get through with. In addition to the actual game, Spicy contains 6 game variant cards, but even without them a high replay appeal is guaranteed. The cards are lovingly provided with a total of 40 independent illustrations. In addition, not only does the game box shine in chic metallic gold, but also the back of the card is adorned with a gold-colored special print.

- 110 deluxe cards
