Product Description

Rituals & Ruins - Extension for: Menara, from 8 years

The expansion to the cooperative building game Menara is quite something: spectacular temple floors, golden columns ... and even the tears of the gods try to keep the players from success together. The playing crew always faces a scenario of their own choice.

As in the basic game Menara, the temple builders gather information and advice from their fellow players before each turn. Building plan cards determine the way in which temple floors are to be equipped with columns. The new rituals present the players with new challenges, which can be met with clever cooperation, static sophistication and steady hands.

Menara - Rituals and Ruins extends the cooperative building game Menara by a multitude of variants and allows players to determine the desired level of difficulty themselves.

Attention! Not suitable for children under 36 months. Statutory minimum age: 8 years
