Product Description

a song of ice & Fire - Veterans of the Guard (DE), extension for 2 players from 14 years

The veterans of the guard have really seen everything. Among them more dangerous things than over the wall crawling wildlings. And the veterans have survived struggles, other armed forces only hope they are never involved in them. In larger conflicts, one can count on the fact that the veterans of the guard form the core of the nightwache army, which drive lines and withstand the most terrible attacks bravely. As a serious infantry, they are always a risk of being set by their enemies, but careful planning and perfect formations allow a good army leader to transform the veterans into a sharp spearhead or into a wall like the wall itself.
