Product Description

TIME Stories Revolution - Experience - Expansion (DE), 1 - 4 players, ages 12+

Your mission is none other than the salvation of all humanity. The space-time continuum and the timeline of reality are in danger! You, a small group of men, women and otherworldly beings, are the last hope in the fight against the end of time.

TIME Stories Revolution: Experience creates a story-technical transition from the white to the blue cycle and connects all missions that have appeared so far (of the blue cycle) and those that have yet to come to a great story. You remain independent of time and space. The missions of the blue cycle are also combined into a large campaign. You develop your agents, train them and cope with the trauma and events of the previous missions.

This expansion does not contain a mission and cannot be used on its own. At least one mission from TIME Stories Revolution is required to play. The agency recommends that you play your very first mission with TIME Stories Revolution: Experience. You can also integrate TIME Stories Revolution: Experience into the game later if you have already completed one or more missions.

This game is an expansion and can only be played together with one of the basic games from TIME Stories Revolution!

Warning! Not suitable for children under 36 months. Legal minimum age: 12 years

- Players: For 1 to 4 players, ages 12+
