Product Description

Fenix, board game

In FENIX, two armies compete against each other. In the battle of the two kings, their generals and soldiers, it is a matter of life and death. But FENIX is different from other strategy games. Because in FENIX you have not automatically lost the battle if your king has been defeated. Why? The phoenix is immortal. If he loses his life, resurrection from the ashes follows and so the cycle begins anew. The king is dead? Long live the king!
