Product Description

Sensei, Board Game, for 2 Players, from 7 Years

The monkey has always loved the game. And he has always longed to enter the sacred temple. The old monk who inhabited the temple grew tired of the monkey's pranks and suggested a contest to finally have peace of mind. The first one to reach the other side of the holy port would be the master of the temple, the Sense.

The rules of Sense are simple, but the game offers great goals. In one move, a player can move 2 pieces and his piece. The aim is to get closer to the other side and at the same time block the other player's pieces. Sense can be played in two ways. The variant Arashi leads to a stormy, fast competition, the variant Shizukana strengthens the Zen of the players.
