Product Description

Calypso, Board Game, for 2-6 Players, from 4 Years

For a long time already, fish of a very special species, the multicoloured ones, lived in perfect harmony in a paradisiacal river. The multicoloured ones spent their days playing and fishing. One day there was a terrible cyclone and the river raged. A very strong current took the youngest fish away to an unknown body of water, the ocean. The brave Calypso decided to save them and promised to bring them back safe and sound.

Calypso is a memory game, its goal is to free as many multicoloured fish caught in a net in the ocean as possible. To free them, avoid the net and the Hei and turn the fish with the right colour in the middle of the track. But be careful and stay focused because there are different fish on both sides and the arrangement changes on each row. With a little luck and a lot of memory you will be able to help Calypso to free all the fish!
