Product Description

Dog Pile, card game

Whether floppy eared dogs, thick Schnauzer or a small pug: All dogs want to have a nice place on the colored blanket. In order to have one spot on the blanket, they would even accept another dog on their head. Therefore, the dog lovers must stack and combine cleverly so that all dogs find a place. The game offers several difficulty levels, where with every level the concentration increases: Shall you rather put the Red lapdog upside down in the corner or crosswise in the third layer? With skill and logical assertiveness, every dog will find its place in Dog Pile.
