Product Description

Hive-Mosquito - Extension for: Hive, figure game (DE, EN, FR), for 2 players, from 9 years

The mosquito is a very delicate beehive insect. It has no movement ability of its own, but takes its movement ability from any creature, from any color that it touches at the beginning of its migration. This means that it constantly changes its movement and can easily catch its unwanted enemies.

This game is an expansion and can only be played together with the basic game Hive!

Attention! Not suitable for children under 36 months. Legal age: 9

- Players: 2 players
- Age: 9-99 years
- playing time: 20 minutes
