Product Description

The Resistance, Card Game, for 5-10 Players, from 12 Years

The interactive combination game the resistance works with covert identities, cunning deceptions and common treachery. The players are part of an underground organization whose goal is to fight and overthrow the evil government. But the government has recruited spies who have infiltrated the underground movement in order to crush it from within. Will the resistance be able to expose the treacherous spies before it is too late?

The Resistance is a game of deduction with secret identities. The players are either members of the resistance and try to overthrow the government or spies who want to stop the resistance. The Resistance wins the game when three missions are successfully completed. The spies win the game if three missions fail. The spies can also win by the resistance not being able to organize its mission team at any point in the game.
