Product Description

Masquerade party of the beetles *Children's game of the year 2002**, board game for 2 - 6 players aged 4 and over

The annual masked ball of the beetles is just around the corner and the ladybirds are finishing their costumes: To make sure everyone is colorful, the beetles exchange their solid-colored dots wildly. But in order to swap with a beetle, you first have to pass the sympathy test, otherwise the supposed swap partner will simply turn away. But be careful: The cheeky ants also want to go to the ball. The ladybirds have to hurry to be dressed before the ants arrive.

Magnetic attraction, small tests of skill and random elements that vary each game make the ladybirds' masked ball a fun event for children. And as the jury already recognized: playing with magnetism is not only fun, it looks good.

Attention! Not suitable for children under 36 months. Statutory minimum age: 4 years
