Product Description

Vampires The Dark Age - Book of Secrets, bound (DE)

Every occult order worth its name has a library of mystical truths. But in order to discover the truly wondrous, truly horrific truths, you have to look deeper. You have to venture into long forgotten realms. These, my friend, are those long-forgotten realms.

The Book of Secrets is a treatise on numerous subjects related to Cainites and even stranger things of the Dark Age. It looks behind the curtain and penetrates deeper into the darkness.

It contains:

- Additional information on Assamite, Koldun and Setite witchcraft
- Insight into Cainite knightly orders, beliefs and even human witchcraft
- Letters and diaries from all over the Old World.

Warning!Not suitable for children under 36 months.
