Product Description

Insert - For Five Tribes and Expansions: Artisans of Naqala, Thieves of Naqala, Whims of the Sultan

This Campaign 2 insert is compatible with Five Tribes and the expansions Artisans of Naqala, Thieves of Naqala, Whims of the Sultan and other Djinn expansions. The design provides both efficient storage and improved game play. All of the trays can be utilised during the game. The rules and boards act as a lid on top of the trays.

With the top layer removed you can see the player piece trays underneath. In the top right corner under the meeple bag are the score sheets, the turn track extension tiles and the small rules pamphlets.

Furthermore, there are mini card and board tile trays. All cards can be sleeved, FFG sleeves have been used in testing.

There are player pieces trays. Note that the slots for the pink and blue player pieces are slightly large to allow for the additional two-player components. The sixth tray is for the item marker tokens. Additionally, there are trays for the coins. There are two trays so that they can be put on either side of the gaming area. The remaining trays are for the Djinn, the mountain pieces and the palm and palace wooden pieces.

All the trays can all be used in game to help organise components during the game, as well as speeding up setup and clear away times.

Finally the board and game rules go on top, filling completely the box space. The lid closes flush over everything and allows for vertical storage.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 29.8 x 29.8 x 7.6 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.
