### Product Description

Insert - For Caverna and Expansion: Forgotten Folk

This insert is compatible with Caverna and the expansion Forgotten Folk. The design provides both efficient storage and improved game play. All of the trays can be utilised during the game. The rules and boards act as a lid on top of the trays.

The product also comes with two separate trays that can be added to The Forgotten Folk expansion. All cards can be sleeved.

There are additional two trays that come with the insert and can be added to The Forgotten Folk expansion box. These trays have eight room tile slots in total, storing expansion's rooms and have additional space to sort and store all your room tiles. There are also slots for the new tokens. The extra coins can be added to the main box insert coin tray.

The trays work with the Halflings, Adventurers and other promos if you are lucky enough to own them.

The trays are added to the box as shown here, with the folk boards holding the trays in place. The trays completely fill the box to the top, so it can be stored vertically. The expansion rule book should be added to the main game box.

Attention! Not suitable for children under 36 months.

**Note:** It is designed for games with external box dimensions of 22.9 x 30.5 x 10.4 cm.

This product consists of a flat-pack of 6x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.
