Product Description

Insert - For Flash Point - Fire Rescue and Expansions: Extreme Danger, 2nd Story, Dangerous Waters

The insert is compatible with Flash Point - Fire Rescue and its expansions: Extreme Danger, 2nd Story and Dangerous Waters.

The design provides both efficient storage and improved game play. All of the trays can be utilised during the game. They greatly aid set-up and clear-away times.

A key thing to note is that the insert is designed so that all the game boards are stored in the Extreme Danger expansion box. The main game box insert stores only the game pieces and the rules sheets which act as a lid on top of the trays.

There are six trays for storing the miniatures that come with the game. The sixth empty tray is for The Veteran and Rescue Dog. Each of the trays is designed with a gap next to the bottom wall into which the edge of the figure's base falls. This means that the miniatures cannot move about once packed into the insert.

There are trays for the game's cards and the fire/smoke tokens. The tray for cards is sufficiently large so that all cards can be sleeved with quality sleeves.

All token kinds are stored separately, to keep everything neatly organised, both in the box and on the table. There is a separate tray for the damage cubes, meaning it can be placed close to the board during game play to give easy access to all players.

The box is neatly filled by the boards, and the lid closes flush once on. Like this both games can be stored vertically adjacent to each other on your shelf.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 29.8 x 22.2 x 5.1 cm.

This product consists of a flat-pack of 4x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 500 g
- Packaging dimensions: 25.5 x 35.5 x 2.2 cm
- Material: Evacore sheets
