Product Description

Insert - For Founders of Gloomhaven

The insert is compatible with Founders of Gloomhaven.

The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game and they greatly aid set-up and clear-away times. The insert is arranged in three layers.

There are trays for the player pieces, there is one for each of the nine factions.

Also there are trays for the road tiles, the money tokens, the large cards, the influence tokens, the basic resource tiles, small cards and the other tokens. All cards can be sleeved.

There are trays for the building tiles. There are separate trays for the tier 2 & 3 buildings and two trays to split the prestige building tiles. The prestige building trays are designed so it is easy to move the top ones around and see the tiles of the other building below.

As mentioned above, the trays can be used during the game to organise the components and make access by all players easy.

The boards and rules go on top of the trays acting as a lid, allowing the game to be stored vertically. First the adviser/proposal board and the player mats are placed in the recess on the left hand side of the insert. This is followed by the main game board, and then resource tracker board and rules.

Attention! Not suitable for children under 36 months.

Note: It is designed for games with external box dimensions of 28 x 28 x 8 cm.

This product consists of a flat-pack of 6x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 700 g
- Packaging dimensions: 25.5 x 35.5 x 3.3 cm
- Material: Evacore sheets
