from **30,63 EUR**

Item no.: 336930  
shipping weight: 1.40 kg  
Manufacturer: Folded Space

### Product Description

Insert - For Twilight Imperium 4th Edition

The insert is compatible with Twilight Imperium 4th Edition and has space provided for future expansions.

The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game and they greatly aid set-up and clear-away times. The rules and boards act as a lid on top of the trays.

There are two alternative methods of storing this insert in the game box.

There is one tray for each colour of player piece. Each tray has individual slots, with ships and other pieces being divided between them.

There is also an individual tray for each faction. These store the faction tokens and also the cards unique to it. There is space for these cards to be sleeved.

There are card trays and other larger trays for the game tokens used by all players. Again all cards can be sleeved. There is space provided for additional cards to be added to the player colour decks from expansions.

Once all the trays are in the box, the rules and player boards go on top.

All the trays can be used during game play to keep all components organised and ready at hand.

This insert can be arranged in the box in an alternative way prior to the future addition of the expansion trays. Of course, in this case the game cannot be stored vertically.

Attention! Not suitable for children under 36 months.

**Note:** It is designed for games with external box dimensions of 30 x 43.3 x 13.4 cm.

This product consists of a flat-pack of 12x Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 1400 g
- Packaging dimensions: 25.5 x 35.5 x 6.6 cm
- Material: Evacore sheets
