Product Description

Storage Box M - for 89 large based Miniatures

This Storage Box set is ideal for storing and transporting your army's infantry troops. It is perfectly suitable for many Games Workshop models with 32 mm base from Warhammer 40,000, Age of Sigmar, Middle-Earth and also Blood Bowl. Warrior, hero and monster figures from other tabletop and board game systems will also find a safe place here.

Two foam inserts offer space for up to 64 classic warrior and monster miniatures on round or square bases up to 35 mm.

Each of the overall 64 compartments is 35 mm long x 54 mm wide x 35 mm deep.

For miniatures with a larger base (up to 40 mm) or models with wider, protruding poses, the box includes a mat with 25 large compartments.

Each of the 25 compartments is 54 mm long x 41 mm wide x 40 mm deep.

Wrapped in soft foam, the sensitive parts of the figures are optimally protected from damage. The swords remain sharp and the rifles ready for use.

If you paint your miniatures, you don't have to worry about them sliding around or bumping into each other, ruining hours of painstaking painting. The colors remain intact and free of scratches.

The supplied foam topper ensures that all miniatures are completely surrounded by foam and that the figures in the upper insert do not hit the lid of the Storage Box during transport.

The storage box M consists of coated, double-walled cardboard. This makes it not only lightweight, but also particularly robust and therefore ideal for storing your miniatures safely and dust-protected. With the plastic carrying handle you can easily transport your collection.

Attention! Not suitable for children under 36 months.
