### Product Description

Foam Tray Set for Zombicide: Black Ops, Board Game Box

The Black Squad is on a mission in the PK system as it receives a distress call from PK-L7. Following this, the elite force sets out to support the survivors and rescue as many of them as possible from the Xenos hordes.

In order to support you in your missions, with this Feldherr foam set we make sure that everyone arrives there safe and that the chaos stays away from your board game box.

- The set fits exactly into the original board game box of the Dark Side expansion "Zombicide: Black Ops" by CMON.
- Supports the 6 Survivor and the 2 Machine miniatures, the Juggernaut Abomination Miniature, as well as all accessories from the box.

The foam insert with 16 compartments individually tailored to game material and miniatures keeps your box clear and tidy.

Nine of the compartments accommodate the miniatures. These are located here separately from each other in custom-cut compartments. From the Meteor Sentry Gun to the Juggernaut, each figure has its own fitting compartment. This avoids collisions and the rubbing or chipping of colors. The high-quality, soft foam reliably protects sensitive parts from damage.

A large compartment in the middle is reserved for the 6 Survivor Dashboards, the ID-Cards, and the Mold Tokens. Two card compartments provide space for the 33 mini-cards and, if necessary, additional cards from the core game. The compartments are also suitable for cards with sleeves.

You can distribute the tokens, trackers and color bases among the remaining compartments.

A suitable foam topper completes the all-round supply of your box. Upon it, you can place the game tiles and the booklet.

Hereby, all miniatures are safely packed, the game material neatly stowed away and you are well prepared for the fight against the Xenos.

Attention! Not suitable for children under 36 months.
