### Product Description

#### Foam Tray Set for Star Wars: Legion - Clone Wars, Core Game Box

The end of the Galactic Republic seems to have come. The supremacy of the Separatists, with their huge Battle Droid army, threatens to wipe out the Republic. Only one hope remains: the clone troops, an army of elite soldiers led by noble Jedi knights. Get ready for epic and legendary battles.

To support you, we offer you this custom-made Feldherr foam set, which provides protection and order in your board game box.

- The set fits exactly into the original board game box of the Star Wars: Legion Clone Wars core game by FFG.
- Provides space for all 39 miniatures, the eight barricades, all cards, tokens, dice, and all other accessories.
- The lid of the board game box protrudes approx. 1 to 2 cm.

You can place 32 miniatures in the top foam tray. The Clone Troopers of the Galactic Republic, as well as the Combat Droids of the Separatists, are assigned their own custom-fit fans. This ensures that the miniatures remain safely in place even during transport. Sensitive parts are thus optimally protected against damage. The colors of the painted figures are also protected from scratches and abrasion.

Four compartments in the middle can be used to sort tokens.

Insert number two takes care of the remaining miniatures and the accessories. A large, individually tailored compartment accommodates the BARC speeder. Four compartments are for the Droidekas and two for Obi-Wan Kenobi and his adversary General Grievous. There are also tailor-made compartments for the barricades.

One large and one small compartment are reserved for the cards. The compartments are provided with finger-wide recesses to make it easier for you to remove the stacks. All cards also fit with sleeves.

There are still five compartments left for arranging tokens, dice and the round counter.

The supplied foam topper completes the all-round supply of the Clone War Core Set for Star Wars: Legion. On the foam cover you can store the movement tools, the range ruler and the rulebook.

Hereby, everything is safely packed, the accessories are clearly sorted and the next battle can come
