### Product Description

Foam Tray Set for Marvel Crisis Protocol, Core Game Box

Spiderman meets Red Skull. Captain America and Iron Man put Ultron in their place while the Hulk fights Doctor Octopus. And your skill and luck decide the outcome. The biggest crisis on the tabletop can easily be averted: This Feldherr foam set protects your miniatures from broken limbs and scratched paint, and keeps your board game box tidy.

- The set fits exactly into the original board game box of the 'Marvel Crisis Protocol' Core Set by Atomic Mass Games.
- Provides space for all 10 character miniatures, the terrain pieces, and the complete accessories of the core box.
- The Learn to Play Booklet, the Character Stat Cards and the Mission Tracker are placed on the foam topper.

10x tailor-made compartments ensure that nothing happens to your heroes and villains. Spiderman, Black Widow, Captain Marvel and the other superhero miniatures, as well as Red Skull and the rest of the supervillains, are assigned their own custom-cut compartments. So the detailed miniatures stay safely in place even when transporting the box. The soft foam ensures that fine parts, such as the mechanical arms of Doctor Octopus, are optimally protected against damage. When you paint your figures, you can also be sure that the paint will not be scratched or abraded.

Of course the cars and the other terrain pieces also park in their own compartment. Even the trashbin of the Daily Bugle gets sunk into the foam with the small round compartment. The game cards come in the narrow compartment with finger-wide recesses. Of course, the cards also fit here with sleeves. There is one compartment left for the dice and a long one at the edge for storing the Range and Movement Tools. In addition, the two supplied ziplock bags filled with tokens can be inserted here.

A suitable foam topper that is also included in this set completes the all-round supply of your box. On the topper you place the Learn to Play booklet, the Character Stat Cards and the Mission Tracker.

Hereby, all superheroes and supervillains are safely packed, the game material neatly stowed and you are well prepared for the next missions in the Marvel universe.

The foam tray has the dimensions: 285 mm x 285 mm x 90 mm total height (80 mm height of use + 10 mm foam floor).

Attention! Not suitable for children under 36 months.
