Product Description

Witchstone - board game (DE), for 2-4 players, ages 12+

The strategy game Witchstone takes you back in time. Spread out the board and immerse yourself in the magical world of wizards and witches. As tried and tested representatives of your guild, you gather around an ancient holy stone, the meaning and magical power of which only the initiated know. Everyone moves into one of the four towers around the Hexenstein, from where you can get to work. Develop your magic formulas with the help of your magic cauldron and put a network of magical energy around the stone. Send out your witches, scoop the magical crystals from the cauldron, use the pentagram and the magic wand and keep an eye on the prophecies to ensure victory. But not all options are available to you at all times. Only those who cleverly use their possibilities have the chance to collect the most victory points in 11 rounds and thus win the game as the master of the stone.
