Product Description

Crystal Puzzle: 3D Dolphin - Large, 95 pieces (DE), from 14 years of age

Put the differently shaped individual parts piece by piece into a beautiful plastic crystal figure Form of a blue dolphin riding a transparent wave together. The three-dimensional puzzle is a real challenge for the spatial imagination: The two-dimensional pictures of the instructions have to be converted into three-dimensional objects.

Every 3D puzzle piece looks different, making it particularly tricky. Those who are good at puzzling will be rewarded with a high-quality, approx. 15 - 18 cm large decorative element. Collect all puzzles and now also discover the large crystal puzzles with even more pieces.
