Product Description

Crystal Puzzle: 3D turtles - 37 pieces (DE), from 14 years

Put the differently shaped individual parts piece by piece into a beautiful plastic crystal figure in the form of Turtles together. The three-dimensional puzzle is a real challenge for the spatial imagination: The two-dimensional pictures of the instructions have to be converted into three-dimensional objects. Each 3D puzzle piece looks different, making it particularly tricky. Those who are good at puzzling will ultimately be rewarded with a high-quality decorative element.
