Product Description

Wolkengucker - card game (DE), for 1+ players, ages 8+

The more time you spend with your head in the clouds, the more you discover and learn! Take the maps with you when you travel, pick them up when you take a break in the park, or just look out the window. Compare the cloud overhead with the drawings on these maps. After you have identified the cloud, turn the map over to find out more about it: what properties does it have, how does it come about and what does it tell us about the coming weather? As an accomplished cloud-gazer, you can then challenge family and friends: Who can be the first to correctly name a cloud and find a rare cloud formation?
