Product Description

Similo: Halloween - Card game, for 2+ players, from 7 years (DE Edition)

What do Frankenstein's monster, a zombie and a murderer have in common? Are they all dangerous or are there other similarities?

And how can you tell the difference between a mummy and a ghost?

In Similo: Halloween, the goal is to work as a team to find a specific creepy character. Only one player knows which of the characters on the table is the right one. To get closer to the solution, he lays out cards as clues to similarities or differences. The guessers gradually eliminate a character until - hopefully - only the secret character is left at the end. Can you find the right solution in SIMILO: Halloween?
