Product Description

Feldherr Storage Box FSLB150 for Funko POP! - 16 figures

The practical Feldherr full-size storage box with the matching Feldherr foam inserts to protect your Funko POP! figures.

The full-size insert is divided into eight compartments of the same size. The insert offers space for a total of eight standard-size figures. A Funko POP! Figure fits into each compartment. The figures are stored lying down. So they are always visible and you can also present your pops in the tray.

The soft foam protects your figures from scratches and other damage. So you can not only store them well protected, but also transport them safely.

The FSLB150 consists of coated, double-walled cardboard.

The set consists of:

- 1 Feldherr storage box FSLB150
- 2 full-size foam trays for 8 "Funko POP!" figures each (FSMEFC075BO)
- 1 foam topper

- Inner dimensions: 345 mm x 275 mm x 150 mm
