Product Description

This War of Mine - The Board game, for 1-6 players, from 18 years (DE Edition)

Day after day, food has to be organized, medicines have to be procured, injuries have to be treated. A small cold or a seemingly harmless wound can quickly become life-threatening without proper treatment. Your shelter is meager and every object you find is precious. With each found object, you must evaluate how it can best be used: Do you read the found book to bring a small ray of hope to your bitter survival or does it go into the furnace as fuel? While war rages around you, you have only one goal: survive.

This War of Mine - The Board Game is a conversion of the award-winning anti-war computer game, in which fans will definitely recognize "their game". Bruno, Pavel, Katia and co. are holding out together until the war releases their city from its clutches. Your information is limited, but your decisions determine your survival! The game starts without a lot of rules reading in advance and thus lets you dive directly into the action. The atmosphere is provided, among other things, by an extensive companion book, which offers different experiences depending on the decisions you make (as in a classic adventure game book).

Attention! Not suitable for children under 36 months. Legal minimum age: 18

- Number of players: 1-6
