### Product Description

Igel Ärger + Tante Tarantel - Board game, for 2-6 players, from 8 years (DE Edition)

A simple mixture of dice and some tactics, perhaps something like backgammon, although it is usually played with more players. The game contains 40 variants, which change the basic principle more or less. The object of the game is to be the first to get 3 of your 4 hedgehogs from the start to the finish. The race track has 6 lanes and at each turn the dice decides on which lane it goes forward. To take advantage of this, you can insert a sideways step. Since the hedgehogs stack up in the long run and thus block each other, it can also happen that you have to move the other players' pieces forward instead of your own. Not mentioned now are the obstacle fields, where you have to wait for others ...

TANTE TARANTEL is worried about keeping all the flies in the net, while you try to escape from it. Don't get eaten up! And in a pinch, a little push can help keep Aunt Tarantula busy elsewhere for now.
