Product Description

Magic and Potions: Harry Potter - Fight for Hogwarts (DE extension)

It's back to the classrooms at Hogwarts! This time Ginny Weasley supports Harry, Ron, Hermione and Neville in their fight against the evil forces. Four exciting challenges await friends in the expansion for the basic game. Who paid attention in class? Which ingredients are needed for magic potions like Armotentia or the Aufpappeltrank? And hopefully one of the heroes knows the right magic spell that will now help the team! He, whose name must not be mentioned, and many other villains have their own plans and continue to challenge the Hogwarts students. This cooperative deck building is about everything again! THE gift for fantasy fans.
