## Product Description

Chronicles of Crime, board game for 1 - 4 players, ages 14+ (DE edition)

Chronicles of Crime is a cooperative investigation game that combines a board game, an app, and optionally even virtual reality, in a story. You and your fellow players solve criminal cases by searching for suspects, witnesses and clues across town. Look out for the clues in 3D scenes!

London, today. You have just come out of the inspector's office feeling queasy and not sure how to feel. One thing is certain: not good, because a body was found in Hyde Park and the inspector transferred the case to you.

This is not your first murder case, but the few details the superintendent was able to give you are enough to make you feel very bad about the matter.

You leave the station, sit in the car and close the doors. You think about what you have just heard and that you have to somehow explain to your families that they will hardly see you for a while ... You shake off those thoughts and go on your way. It's time you got to work.

Chronicles of Crime comes from the pen of David Cicurel and is a crime game for 1 to 4 investigators, ages 14 and up. The basic game contains 6 scenarios (1 tutorial and 5 investigation cases) with a total playing time of 6 to 8 hours. More scenarios will follow!

ATTENTION: Not suitable for children under 36 months!

- Players: 1 - 4 players, ages 14+
- Duration: 6 to 8 hours
