Last Message - Card game, for 3-8 players, from 8 years (DE Edition)

You miss the culprit by a hair's breadth at the crime scene! All you find is the victim and his last message - a drawing that gives you clues about the perpetrator! But he was able to cover his tracks a little and makes life difficult for you. Can you interpret the information correctly and find the culprit in a bustling crowd?

In Last Message, victims, perpetrators and investigators sit across from each other at the table. The victim gives the investigators hints in the form of drawings, which the perpetrator may influence before they are handed over to the investigators. Skilfully combined, merges the individual drawings and exposes the perpetrator in this exciting family game!
