Product Description

Army Painter: Quick Shade, Soft Tone (250ml)

What is Quick Shade? Quick Shade is based on a unique formula that allows you to shade any miniature to perfection. Once a miniature is primed and painted and the base is designed, you dip the figure briefly in Quick Shade, let it dry and you're done! The results are spectacular, and the various galleries on the website: the ArmyPainter.com show and explain how easily these ingenious results can be achieved.

Quick Shade:

- Super quick and easy to use!
- Looks fantastic on any model!
- Comes in three different shades! Soft Tone: This shade is suitable for rather light colours, such as white, pink or yellow and is very effective

Alternatively, Soft Tone creates a very light shadow effect, which is particularly suitable for large surfaces and "clean" miniatures.

Attention! For home use only.

Attention! Use under direct adult supervision

Attention! Use under adult supervision. Not suitable for children under 12 years.

Attention! Use with protective equipment. Not to be used in road traffic!

- Age: from 12 years
