Product Description

Camel Up - board game, for 3-5 players, from 8 years (DE edition).

Witness the craziest camel race of all time! Because where camels pile up on top of each other and entire pyramids are turned upside down, things literally go haywire. As members of the Egyptian upper class, you come together in the desert to witness this spectacle. Each of you pursues the same goal: to earn more money than the others through clever betting.

In the shade of a gigantic 3D palm tree, the betting continues! Camel Up, the award-winning game about the craziest race, has now become even crazier! That's because there are new participants: two camels who are so confused that they really stir things up as ghost drivers. In addition, this new version of the modern classic offers great new illustrations and revised game material.

Caution. Not suitable for children under 36 months.

- Players: For 3 - 5 players aged 8+
- Game duration: 45 minutes
