Product Description

Artichoke Floral - Puzzle, 500 pieces

This 500-piece artichoke jigsaw puzzle features a stunning image by famous foodie photographer Sarah Phillips, whose organisation Ugly Produce is Beautiful works to educate consumers and reduce food waste.

With these colourful green artichokes, ruby red tomatoes and purple flowers against a contrasting black background, it's easy to see how beautiful food is, even when it looks imperfect in the supermarket.

Galison puzzles are packaged in matt, sturdy boxes that are perfect for gifting, reusing and storing.

Caution! Not suitable for children under 36 months
