Product Description

Ungeheuer hungrig - card game, for 2-4 players, from 6 years (DE edition).

In Grandpa's attic you discover monstrosities - small, colourful monsters in search of food! Feed them in their favourite colours! A green watering can? Grandma's scratched records or light blue pants? Yummy! But spare the monsters vitamins. They don't like them at all!

Monster Hungry is a cooperative family game about mixing colours. The players describe their colourful cards as accurately as possible and think together about which colour combination will produce the desired coat colour. They save the unpopular vitamins for the bunnies if possible. In this way, they play through the four chapters, unlock new cards, monsters and locations and solve the mystery of the little monsters' origins at the end.

Caution! Not suitable for children under 36 months!

- Age: from 6 years
- Number of players: 2 - 4 years
