Product Description

Soviet Kitchen - Card Game, for 1-6 players, from 12 years (DE/EN Edition)

Soviet Kitchen Unleashed is a cooperative card game in which you put the craziest things through the meat grinder for the perfect colour! But how long can Mother Russia survive this poisonous kitchen?

World War II is coming to an end in the Soviet Union. You are a troupe of cooks who work together to cobble together meals from sparse ingredients. Everything that can be found on the front line goes into the mincer. Every card is a valuable ingredient, however inedible it may seem.

Ordered yellow porridge? Some sand will do. Tomato sauce is red? So are rusty nails! The more you cook, the better you'll get at panning by eye! Sounds awful? You're only looking after Mother Russia - and she's hungry! When your guests die, it's over for you. The better you look after them, the faster you'll make it from field butcher to Russian star chef!

Attention! Not suitable for children under 36 months!
