Product Description

Codenames: Duett XXL - Quiz game, for 2 and more players (DE edition)

Codenames Duett XXL, the cooperative version of the popular word association game, brings an improvement over its smaller predecessor with more gameplay convenience. Both players and reviewers rated the larger version positively.

Each team must find specific words, as these code names hide agents of their colour. Only the respective secret service chiefs of each team know the words they are looking for and have to put their team on the right track with clever clues. However, they are only allowed to reveal a little. The team that finds all its agents first wins.

The larger format is not only visually impressive, but also offers more playing comfort for larger groups. All components are clearly sorted in an insert specially created for the XXL product line.

Caution! Not suitable for children under 36 months!

- Age: from 10 years
- Number of players: 2 - 8+
