Product Description

Painting Tools: Hydration Paper Sheets for Painter

This hydration paper fits perfectly to the foam. It adheres to it and does not create bubbles. 100% of the paper is in contact with the foam, for perfect hydration. It will not curl after easy set up. It has been specially selected to offer the best performance with hobby paints and dilution levels used in hobby painting.

Caution. Not suitable for children under 36 months.

- Hydration paper sheets for Painter
- 50 pieces of sheets
