Product Description

Japanese leather dice cup

Cherry blossom is associated with beauty, delicacy and renewal in Japanese culture. The sight of trees covered in white and pink blossoms can be breathtaking, but the true wonder of nature can be experienced in early spring at the sight of a solitary cherry tree. It is a wonderful experience to watch individual buds unfurl their petals and bare branches come alive with intense colour.

The Japanese leather cube cup can be perfectly combined with the Japanese cube sets and completes their oriental theme. It is also perfect as a container for storing and rolling other dice - you decide what you put in it!

Caution. Not suitable for children under 36 months.

- Material: leather
- Mug dimensions: approx. height 8.5 cm, diameter 7 cm
