Product Description

Hammer black & glow-in-the-dark, dice bag.

This material comes from the mantle of a dwarf who hewed the stone cubes out of the rocks of the mysterious Black Mountains with his hammer.

None of these mighty cubes remain to this day. There is only this bag.

The dwarves are masters of many crafts, including making the best dice bags ever. This project was arranged with people from one of the last dwarf clans in the north. Even in Scandinavia there are only a few of them and they only work with the best. We have invested a lot of time to convince them to work with us. This is an elegant black model of our dwarf series dice bags, with a sophisticated glow-in-the-dark print of the hammer.

Caution. Not suitable for children under 36 months.
