Product Description

Orc Beige & Black Basic Dice Bag

We have a variety of bags prepared specifically for your dice. Whether you are a fan of zombies, elves or fighting games, we have something for you!

This is the totemic bag, not for ancestral bones, but for frivolous activities like role-playing games. It is dedicated to the elite of the orc kind. Not all orcs are morons, and many of them know sneaky words like inheritance of the green ichor, bleeding to the last drop of blood in battle, and intransigence in the face of the enemy - fighting and taunting. So be brave like a true greenskin and hide your lucky dice in this pouch.

This is a simple but very durable beige model dice pouch from the Ork series, with only black print. Simple dice bags are an inexpensive option for beginners. Made from thinner fabric and with the string on one side only.

Caution. Not suitable for children under 36 months.
