Product Description

RuneQuest Dice Set, black & white (7)

Runic black & white Dice Set (7) - Dice enchanted with Runic alphabet. People have been studying Runic writing for ages. Our employees have consulted the use of Runic alphabet with the last Dwarven race representatives. We have made the runic dice to make your rolls successful.

Runic dice are one of the first ever created by designers in Q WORKSHOP, and we always remember them, as our first step to conquering the world with our dice. First Runic Dice were handmade and hand-painted in such meticulous passion that to this day we are bewildered by their quality and charm.

Runes are always a mystery. These sigils, full of secrets are always something that catches the eye and raises questions about the forgotten lore of ancients. The runes used to functioned as letters, but they were much more than just letters. Each rune was a sigil of some supernatural power and to write a rune was to invoke and direct the force for which it stood. Runes were traditionally carved onto stone, wood, bone, metal, or some similarly hard surface rather than drawn with ink and pen on parchment. This explains why we choose them for carvings on the dice. We want to make durable dice imbued with the power of magic because there is "real magic" in roleplaying games. Now you can "write" tales about your adventures with Runic Dice.

These dice are marked with the Runic alphabet that makes them more than normal sets. People have been studying Runic writing for ages. Our designers have consulted the use of Runic alphabet not only with Nordic runemasters but with the last Dwarven race representatives too. We have made all that we could in order to make near all your dice rolls successful!

Runic Black & white Dice Set was marked by rune NAUTHIZ. This sigil resembles two pieces of wood crossed and prepared ready to start a fire. This set is suited for all warmonger and liberators that started a fire in hearts of allies and directly burn their enemies, sometimes on stakes. We made this set as our darkest runic dice because we know that sometimes night is best for changing the world and in shadows we can defeat even the mightiest beast.

Attention! Not suitable for children under 3 years due to small parts which may be swallowed. Choking hazard.
