### Product Description

RuneQuest Dice Set, black & glow-in-the-dark (7)

Runic Black & glow-in-the-dark Dice Set (7) - Dice enchanted with Runic alphabet. People have been studying Runic writing for ages. Our employees have consulted the use of Runic alphabet with the last Dwarven race representatives. We have made the runic dice to make your rolls successful.

Runic dice are one of the first ever created by designers in Q WORKSHOP, and we always remember them, as our first step to conquering the world with our dice. First Runic Dice were handmade and hand-painted in such meticulous passion that to this day we are bewildered by their quality and charm.

Runes are always a mystery. These sigils, full of secrets are always something that catches the eye and raises questions about the forgotten lore of ancients. The runes used to functioned as letters, but they were much more than just letters. Each rune was a sigil of some supernatural power and to write a rune was to invoke and direct the force for which it stood. Runes were traditionally carved onto stone, wood, bone, metal, or some similarly hard surface rather than drawn with ink and pen on parchment. This explains why we choose them for carvings on the dice. We want to make durable dice imbued with the power of magic because there is "real magic" in roleplaying games. Now you can "write" tales about your adventures with Runic Dice.

These dice are marked with the Runic alphabet that makes them more than normal sets. People have been studying Runic writing for ages. Our designers have consulted the use of Runic alphabet not only with Nordic runemasters but with the last Dwarven race representatives too. We have made all that we could in order to make near all your dice rolls successful!

The Runic Black & glow-in-the-dark Dice Set is imbued with the power of rune LAGUZ. This rune is associated with the universal ocean and its inner power that is waiting in depths and its life-giving glow, combining past, present, and future. Water is a symbol of life and unstoppable power that bypasses all obstacles. This rune looks like a magic arrow that pierces everything like water. These dice are for all mages and heroes concentrated on their inner power. They should be as a light in the darkness when their wisdom saves the day. These are our most mystery runic dice, dedicated for real professionals in spell bending.

Attention! Not suitable for children under 3 years due to small parts which may be swallowed. Choking hazard.
