Product Description

Foreign lands, exotic scents and noble robbers who work for the gamblers - the cartographer guides them along the Silk Road to oases of prosperity. The travelling merchants are also useful and when the oracle speaks, one should listen to it. The adventurous journey through the fertile land offers the opportunity to fill your own treasure chest with gold. But beware: not all that glitters is gold in the hinterland either! Watch out for plots, blood tolls and fool's gold!

This is the 2nd edition with revised maps.
