Product Description

In the Days of Siege expansion for This War of Mine: The Board Game, you are involved in an open conflict within the city. The time for mere occupation is over - rebels are infiltrating Pogoren in a last-ditch attempt to take the city.

In the three intense chapters of the war campaign Lost Hope, you must not only survive, but also face the chaos and brutality of open warfare. The War Orphans module, which deals with children for the first time, shows you a whole new facet of war. New locations enrich the scenarios and campaigns of the basic game and expansions.

The wind of war is blowing towards you. Will you withstand it? Caution: Not suitable for children under 36 months. Choking hazard due to small parts that may be swallowed.
