Product Description

The simple set-set game for young and old!

In **SetUp**, you place pieces on the game board, either on free spaces or on pieces that are already on display. In this way, you constantly change the display and collect points. A set consists of two or more tiles, either with the same value or an ascending number line in the same colour. The more bricks in a set, the more points it is worth.

You can also play this tricky race in teams and experience completely new tactics.

SetUp is a modern interpretation of the popular classic rummy with high-quality, stackable card game pieces.

Caution! Not suitable for children under 3 years due to small parts which may be swallowed, choking hazard!
