Product Description

The Number is a game of luck and bluffing where players have to be more clever than everyone else ... or more daring!

On each turn, players secretly write a number from 000 to 999 on their number boards before revealing them at the same time. A higher number brings more points, but is also riskier: If a number has a digit in common with a lower number, the higher number is eliminated.

In the course of a round, the players have fewer and fewer choices, making each decision more strategic. After two rounds, the player with the highest final score wins.

Caution. Not suitable for children under 36 months.

- Number of players: 3-5
- Game duration: 15+ minutes
- Age: from 8 years
