Product Description

In the waters of the Northern Sea, west of the continent, lies the Skellige Archipelago. The icy islands are the birthplace of traders, warriors and influential leaders. A voyage to the islands can bring many benefits, but the price can be high.

Set sail and experience new and dangerous adventures on stormy seas!

The Skellige expansion for The Witcher: The Old World adds the Skellige Islands to the game.

Set sail and travel the Skellige Islands, where new location actions await you. With a total of 80 new exploration and event cards, you will experience dangerous adventures at sea. Meet the inhabitants of the islands, fight your way through the stormy sea and, with a bit of luck, find the treasures of the Wodjanoi. But beware! The mighty water god Dagon lurks in the depths of the rough sea. An encounter with him can quickly mean your downfall.

You can combine Skellige with other expansions of The Witcher: The Old World.

A base game of The Witcher: The Old World is required to play.
