from **9,10 EUR**

Item no.: 359044
shipping weight: 0.30 kg
Manufacturer: Gamegenic

Product Description

Are you ready for a revolutionary token box? Save valuable space on your table with our revolutionary convertible token silo. The lid can be easily attached to the bottom of the box for easy access to all the tokens. This unique convertible box can store and organise a variety of tokens, cards, dials, dice and many other items. The Token Silo contains 9 compartments in 3 different sizes that are completely removable to keep accessories handy during play. The boxes can be stacked several times and are made of durable, sturdy material. The Token Silo is available in several bright colours that can be combined as desired.

- Perfect for markers, cards, score counters, dice and numerous other game materials
- Can be used completely during play: fully removable lid can be attached to the underside to save space
- 9 fully removable compartments in 3 different sizes
- Large compartment for up to 40 single-sleeved or 75 unsleeved cards*
- Lower part can also be used as a cube tray
- Modular design: Allows individual combination of compartments from two or more products
- Any combination: With two or more products you can combine different colours and give your Token Silo a personal touch
- Attractive design: lid is flush with the box
- Easy to stack
